and robbing Sheriff C. J. Schuehle's  
car of four wheels, leaving only the  
spare, while it was housed in the  
garage. The Water Company also  
lost a number of tools. No telling  
what would have been pilfered had  
the miscreant not discovered that his  
car had been observed parked in such  
a way as to arouse suspicion and he  
made a getaway before officers could  
apprehend him.  
Prof. L. A. Woods, State Superin-

City and Robert R. Mullen, Jr., rival  
candidates for the office of Con-

voters here Saturday. Both gentle-  
men are of pleasing personality and  
are no doubt making loyal friends  
throughout the District.  
The stockholders of the Hondo  
Federal Farm Loan Association at  
their annual meeting Tuesday after-  
noon re-elected all old members of  
the Directorate and they in turn re-

of this institution will, therefore, be  
continued as heretofore.  
Following some spring-like days  
that made one uneasy for the fruit  
crop a northeaster blew up Wednes-  
day evening and the weather be-  
came raw and cold. Several showers  
of rain fell during Thursday and it  
cleared off beautifully during the  
night.

### P. T. A. HAS INTERESTING MEETING.

The first meeting for the New  
Year of the local Parent-Teacher As-  
sociation was held Monday afternoon,  
January 9, in the school auditorium,  
with an interesting and distinctive  
program.  
Two instrumental numbers, a  
piano solo by Miss Dorothy Zerr and  
a violin selection by Miss Bernice  
Speece, preceded an enlightening ad-  
dress by Miss Mayfield, State Health  
Nurse, who has been conducting  
health examinations in the schools of  
the County. Miss Mayfield spoke of  
the health of the school child, and in  
the course of her talk stressed the  
importance of the summer round-up.  
She reported the health condition of  
school children in Hondo to be excel-  
lent and among the best she has en-  
countered in her frequent examina-  
tions in schools. Both the parochial  
and public schools, white and Mexi-  
can, were included in Miss Mayfield's  
itinerary.

In the business meeting that fol-  
lowed, the treasurer reported a bal-  
ance of \$14.31 in the treasury. The  
amendment carried for election of  
officers to be held in March instead  
of April.

The Committee on Red Cross dis-  
tribution of goods reported 3200  
yards of shirting, outing and un-  
bleached domestic given out just be-  
fore Christmas. The ready-made  
garments and bolts of singham will  
possibly be distributed this Saturday.

Professor Barry concluded the  
business meeting by discussing ten-  
tative plans for the Medina County  
Inter-scholastic League Meet. It has  
been decided to do away with a  
formal meet this spring, only the  
Class A schools of Devine, Yancey  
and Hondo to meet on one day, date  
to be announced later, to have an  
abbreviated contest. Place of meet  
is yet to be chosen.

The Fifth Grade, with six mothers  
present, received the P. T. A. book  
award for January.

Mrs. W. N. Saathoff, hostess for  
the social hour, assisted by her com-  
mittee, served delicious sandwiches  
and coffee at the close of the meet-  
ing.

The Medina County Council of  
Parent-Teacher Associations will  
meet at Devine, Saturday, January  
21, 1933. A delegation is expected  
to attend from the local Club.

Commerce Hall at 7:30 o'clock next

made immediately for financing the  
Chamber's activities for 1933 or the

### HONDO GIRL RECEIVES STATE APPOINTMENT.

Miss Esther Saathoff of Hondo is  
leaving Sunday for Austin where she  
will enter upon her duties following  
her appointment to the Rural Schools  
Division of the State Department of  
Public Instruction. Announcement

Austin today of her appointment by  
State Superintendent-elect L. A.  
Woods.

ter of County Superintendent and

Hondo High School and of South-  
western University at Georgetown.

an able pianist and possessor of a  
delightful soprano voice.

Her wide circle of friends wish  
her every success in her new under-  
taking.

MISS ESTHER SAATHOFF.

### WOMEN'S MISSIONARY SOCIETY.

The members of the Women's  
Missionary Society of the Methodist  
church have been very busy quilting  
for the past few months. They have  
quilted three quilts.

The first was quilted in the home  
of Mrs. D. H. Fly at the social meet-  
ing in November. The second was  
quilted at the Methodist parsonage  
with Mrs. P. E. Lancaster as hostess,  
at the regular program meeting in  
November. This quilt was pieced by  
the members of Miss Boyd's Sunday  
School class during their training  
school in the summer. Miss Boyd's  
class sent this quilt to the Methodist  
orphanage in Waco as a Christmas  
gift.

The third quilt was quilted Tues-  
day of this week, in the home of  
Mrs. T. McClaugherty at the regular  
social meeting of the Society.

Quilting is one of the means by  
which the Society increases its funds  
and at the same time the members  
of the Society spend an afternoon of  
social enjoyment.

This is just half the amount re-  
ceived for the first two months and  
will necessarily have to be spread out  
thinner than the other in order to  
carry the help to as many unemploy-  
ed people. The policy of securing as  
much relief improvement of a perma-  
nent nature as possible in the spend-

Mr. Galbreath and his out-of-Corpus Christi appointees are moving this week to Corpus Christi, to be on hand for organization Sunday. Galbreath officially assumes the duties as sheriff Sunday. He is moving to 511 Carancahua Street.

Mr. Galbreath is deeply appreciative of the loyalty of the Robstown people and the confidence reposed in him during his residence in Robstown. "You people in Robstown played a big part in my successful campaign," Galbreath said. "The twelve years that we have spent in Robstown have been pleasant ones and I am proud to say that we are leaving some of the noblest fruits that ever trod the sod. ## PROMISE BOYS RARE THRILLS.

AMERICAN BOY-YOUTH'S COMPANION readers are due for rare adventure thrills in 1933, according to word just received from America's favorite boy's magazine. Boys will welcome the news that a modern Robinson Crusoe story, in which two boys and a man battle with savages and build a civilization with their bare hands, is on the way!

In this story the three heroes escape into the depths of the Amazon jungles; there they are stripped and left to die by hostile natives; and there, from the natural abundance of the jungle, they build their fortress. From advance notices, it's a story readers will never forget.

Other good things, we learn, are on the way in THE AMERICAN BOY-YOUTH'S COMPANION for 1933. Adventures in all parts of the world; stories of school and college; helpful stories of the professions; sports interviews with famous coaches and players; vivid articles on travel and science.

We suggest THE AMERICAN BOY-YOUTH'S COMPANION as an ideal present for that son, nephew, cousin, and neighbor. It's a character-building, imagination stirring present that renews itself every month in the year. An attractive gift card bearing your name will be sent to the boy if you request it. Subscription prices are only \$2.00 for one year or \$3.00 for three years. At the latter rate the magazine costs only a dollar a year. Mail your order direct to THE AMERICAN BOY-YOUTH'S COMPANION, 550 W. Lafayette Blvd., Detroit, Mich. Service on your subscription will start with the issue you specify.

Special: Hand or mail your subscription to this magazine to Fletcher Davis, Hondo, Texas, and receive FARMING also one year at no additional cost to you.

### IT'S UP TO THE READERS.

It is the belief of the American Fiction Guild that only when the public begins to shy away from the sex and gangster magazines, will suggestive covers and stories, vanish from the news stands. Readers must use more discrimination in the selection of light reading.

There are many kinds of stories on the stands. Some are printed on smooth paper and for the most part contain the printed works of America's famous writers. Others are printed on rough paper. They contain good stories and their writers will be the famous authors and novelists of tomorrow.

Most of the so-called news stand magazines are wholesome, treating of adventure all over the world, of the conquest of the air and the sea, of crime detection from the side of the law. Some of the most famous executives of the land select their light reading from the news stand group, reading their brains while they travel the world on the wings of some adventure writer's imagination. Select your reading as carefully as they do theirs, for, after all, the most pernicious magazines contain material that is the most monotonous to be found, since they select themes which are capable of so little variation.—Industrial News Review.

NITROGEN FERTILIZERS MAY AFFECT STORAGE QUALITY OF ONIONS.

The use of nitrogen in fertilizers applied to onions apparently reduces the keeping quality of Yellow Globe onions, according to the results obtained at the Winter Garden Experiment Station in 1931 and 1932. For instance, where the onions were stored in an implement shed over a 25-week period the losses of onion from decay increased from 22 per cent where no nitrogen was used up to 54 per cent where 9 per cent of nitrogen was used. The losses increased as the amount of nitrogen fertilizer was used; the nitrogen varied from nothing up to 9 per cent, while the percentage of phosphoric acid and of potash and soda was the same. The use of the same amount of fertilizer in which the amount of phosphoric acid and potash was varied apparently did not affect the keeping quality of the onions. Large amounts of complete fertilizer, however, appeared to increase losses, amounting to 36 per cent in some cases.

Formula Per cent Decay  
0-12-6 10  
3-12-6 20  
6-12-6 30  
9-12-6 40  
While the heavier applications of 6-12-6 fertilizer, 900 to 1200 pounds per acre, were quite profitable under the onions were sold soon after harvest, this apparent advantage was lost when the onions were stored for a period of three to six months. In view of these preliminary results studies are being planned to secure further information on the effect of fertilizers on the keeping quality of onions in 1933.

## MRS. CATHERINE HOLZHAUS.

Mrs. Catherine Holzhaus died at  
the home of her son, Arthur Holz-  
haus, Sunday, January 1st, at 8:00  
A. M., after a short illness of two  
days. Well fortified with the last  
Sacraments of the Catholic Church,  
of which she had been a long, con-  
sistent and faithful member, and only  
after an illness of two days, God  
called her to her eternal reward.

Mrs. Holzhaus was born at Ober-  
enzen, Alsace, Germany at that time,  
on November 29th, 1841, and was  
therefore 91 years, one month and  
three days old at her demise. She  
came to this country when she was  
quite young with her parents, Mr.  
and Mrs. Mehr, and late in life was  
married to Joseph Schmitt, and of  
this union were born two children,  
Mrs. Joe Bader of Hondo and Mrs.  
Theresa Burkhardt of Piedras Negras,  
Mexico. Her first husband died soon  
after the Civil War and later she  
married August Holzhaus, who pre-  
ceded her in death on June 7th, 1925,  
and of this union were born seven  
children, two who preceded her in  
death and five living, Joe and Adolph  
Holzhaus, Mrs. Ida Herman and Mrs.  
Fannie Balmes of San Antonio and  
Arthur Holzhaus of Castroville. She  
also leaves 40 grandchildren, 48  
great grandchildren and 5 great great  
grandchildren, one sister, Mrs. Jose-  
phine Naegelin of Castroville, besides  
many other near and dear relatives  
to mourn her passing.

Grandma Holzhaus, as she was fa-  
miliarly known by most, retained her  
faculties to an amazing degree, and  
her passing severs an old landmark,  
which can never be replaced, in the  
making of the history of Castroville.  
She was good hearted, kind and con-  
siderate to all and when her summons  
came, she slumbered into her last  
sleep like a little child into peaceful  
restful slumber, made unafraid by  
that sublime faith which sustained  
her during her long and useful life.

It is not for us to weep for the de-  
parted, but rather to compassionate  
us for the loss of a loved one, who  
was so rich by way of example in  
the glorious attributes of a sustain-  
ing faith and hope.

The funeral was held on Monday  
morning at 9:30 o'clock and after  
services at the home, the corpse was  
carried to the St. Louis Catholic  
Church and after a Mass of Requiem  
was tenderly laid to rest in the St.  
Louis Cemetery, where she now rests  
in peace from her earthly labors to  
rise on Judgment Day.

Paul bearers were all grandsons of  
the deceased: Clement and George  
Holzhaus, Harry Balmes, Julius Her-  
man, Jr., Oscar Bader and Bernard  
Biediger; cross bearer, David Bied-  
iger.

A large concourse of sorrowing  
relatives and friends followed the  
remains to their last resting place.

To the broken hearted and bereav-  
ed ones we offer our sincerest con-  
dolences in this their hour of sorrow.  
May a good Heavenly Father, whose  
will be done, comfort them all in this  
their great bereavement.

May she rest in peace.

## QUIHI NOTES.

My kingdom is not of this world—I  
am a king. To this end was I born,  
and for this cause came I into the  
world, that I should bear witness un-  
to the truth. Every one that is of  
the truth heareth my voice. John  
18: 36, 37.

Kingly words are these, though He  
who spoke them, at that moment re-  
sembled a man-handled criminal of a  
cruel age and a reckless court. Kings  
of this world need recognition, pow-  
er, splendor, military protection; if  
these fail, it's all off—honor, esteem,  
influence and, almost invariably, dig-  
nity and regal personality. Their po-  
sition is subject to the capricious  
grace of a fickle following. How  
vastly different with the King of this  
text. Every inch a king—and His  
greatness, His royal superiority is  
undiminished whether He faces the ma-  
licious verdict of the high-priest or  
the cynic scorn of Pilate, the rage of  
the misguided rabble of His day or  
the indifference of the multitude of  
all ages. His dynasty is eternal as  
the truth on which He stood, for  
which He died. Those "of the truth"  
daily pray for greater allegiance to  
Him.

Impassable roads interfered with  
church-going last Sunday, but many  
braved them to attend the program  
of the Luther League in the evening,  
and an almost full house enjoyed the  
various numbers offered with the  
usual bravura and devotion. A total  
of twenty numbers of contributions  
is reasonably sure to hit the mark in  
places and please individual tastes,  
and a League with nearly seventy

members is bound to have talents  
who are willing to work and muster  
up courage to face an audience at a  
critical moment. Yet, even if we  
must say it, it speaks well of the cal-  
iber of this flock, when taken into  
consideration that these programs  
are offered monthly with unflagging  
enthusiasm.

The social of the Luther League  
had to be postponed to January the  
17th at the parish hall, at 7:15 P. M.

Advance notice for the Ladies' Aid  
meeting on February the 2nd at the  
parish hall, 2 P. M. The hostesses in  
charge of the entertainment are the  
Mesdames L. Boehle, A. Boehle and  
F. Boehle. May we see a full atten-  
dance? And say the good word to  
your neighbor, who should be with us.

Announcements for January 15th:  
German service at 10:30 A. M. In-  
duction of vestrymen (postponed).  
English service at 7:15 P. M. Both  
services at Quhi. Sunday  
School and Bible Class at 9:30 A. M.  
Your are welcome.

## 70,000 GRID FANS WITNESS MURDER.

A murder committed in full view  
of 70,000 persons—and not one of  
them knows how or by whom!

That amazing situation forms the  
story of "70,000 Witnesses", a film  
which opens tonight at the Colonial  
Theatre, with Phillips Holmes, Dor-  
othy Jordan, Charlie Ruggles, and  
Johnny Mack Brown in the leading  
roles.

The majority of the action takes  
place in the stadium where a gigan-  
tic crowd has gathered to watch the  
football classic of the season. Rum-  
ors that Brown, ace halfback of one  
team, will be "smeared" to guarantee  
victory for his opponents suddenly  
come true, when, after breaking away  
from the line and dashing practically  
to a touchdown, he suddenly staggers,  
stumbles, and falls.

No matter of tripping over his own  
feet, this, the spectators discover.  
For doctors who rush to his side find  
him out "cold". Rushed to a hospital,  
he dies.

Then David Landau, in the role of  
a noted detective, and Holmes,  
Brown's teammate and buddy, get to-  
gether in an effort to find out who  
was responsible for the murder, and  
why. Their success leads to a start-  
ling climax.

Miss Jordan plays the role of

## ONE DOSE GERMAN REMEDY ENDS GAS

"I was sick and nervous with indig-  
estion and stomach gas. One dose of  
Adlerika helped. I eat anything now  
and sleep good."—Henry Dodd.

You can't get rid of indigestion or  
gas by just doctoring the stomach.  
For gas stays in the UPPER bowel.  
Adlerika reaches BOTH upper and  
lower bowel, washing out poisons  
which cause gas, nervousness and bad  
sleep. Get Adlerika today; by tomor-  
row you feel the wonderful effect of  
this German Doctor's remedy.

## The Key to Success

The man who achieves high honor or fame  
After all is just human; you are the same.  
The man who becomes a millionaire, too,  
Is merely a man and so are you.  
We develop our talents by what we do;  
Great men may have less talent than you.  
Put unless in yourself you surely believe  
You will in this world very little achieve.

Seldom does more than he thinks he can.

## A World's Record

MORE than three thousand  
births without a single loss  
of either mother or child! That is  
the official Platt County record of  
Dr. W. B. Caldwell, in fifty years'  
family practise in Illinois.

No wonder mothers have such  
entire confidence in giving little  
ones Dr. Caldwell's Syrup Pepsin!

If you have a baby, you have  
constant need of this wonderful  
preparation of pure pepsin, active  
senna, and fresh herbs. A child who  
gets this gentle stimulant for the  
stomach, liver and bowels is always  
healthier. It keeps children's  
delicate systems from clogging. It  
will overcome the most stubborn

Brown's sister, and her romance with  
Holmes runs through the story.  
Ruggles is a good-natured, generally  
drunk reporter, who announces the  
game, and helps in the ultimate solu-  
tion of the mystery.

## Woman Lost 20 Pounds In 4 Weeks

Mrs. Mae West of St. Louis, Mo.,  
writes: "I'm only 28 years old and  
weighed 170 lbs. until taking one box  
of your Kruschen Salts just 4 weeks  
ago. I now weigh 150 lbs. I also have  
more energy and furthermore I've  
never had a hungry moment."

Fat folks should take one half tea-  
spoonful of Kruschen Salts in a glass  
of hot water in the morning before  
breakfast—it's the SAFE, harmless  
way to reduce as tens of thousands of  
men and women know.

For your health's sake ask for and  
get Kruschen at W. H. WINDROW'S  
or any drug store—the cost for a bot-  
tle that lasts 4 weeks is but a trifle  
and if after the first bottle you are  
not joyfully satisfied with results—  
money back. Mail orders filled.

## DON'T SUFFER ANOTHER DAY

Sufferers from rheumatism need more  
than the mere temporary relief that comes  
from the use of pain relievers. The sys-  
tem must be freed from the poisons of  
this agonizing disease.

When your throbbing, swollen joints be-  
gin to subside, when aching nerves and  
muscles begin to relax, when poisons begin  
to dissolve and drain from the system, you  
will know beyond a doubt that the RU-  
NO-MA prescription is removing the cause  
of your trouble. RU-NO-MA acts quickly  
and thoroughly—contains no opiates or  
narcotics—absolutely harmless. Ask your  
druggist about this amazing prescription.  
Read the guarantee on every box—don't  
suffer another day.

YOUNG FRIEND, WHAT NEXT?

What are you planning for 1933? Don't overlook the fact that the young person qualified with a thorough, complete business training, secured in an accredited business school, is going to have a big advantage over those trained for other professions, due to the fact that business must come back, and produce the finances to bring back the teaching and other professions. A business training will be in greater demand at better salary, cost far less, and requires much less time to qualify than any other worth while profession.

If you should borrow the money to pay for your Scholarship in Byrne College, you would have graduated, gone to work, and have earned more salary than it would require to pay for your entire course before you could have qualified for any other profession or completed a business course in any other school. Byrne College has seven of its own copyrighted text, it's own method of individual advancement which enables it to give you the most thorough and complete course possible in half the time required elsewhere. This we positively guarantee, or refund tuition.

Young friend or parent, fill in this coupon and mail at once for free literature, giving food for thought and intelligent planning.

Six bales of cotton in 1929, 5 bales in 1930, 4 bales in 1931, and 11 or more bales in 1932, is the record of cotton planted on a 37-acre plot on the farm of J. J. Moore of Westbrook, Mitchell county. In reporting the demonstration to the county agent, Mr. Moore claims that the unusual increase in production this year is due to the fact that he terraced the land last year and also to the fact that he used the two-row-skip-one plan. He planted 25 acres in cotton and 12 in feed this year. "It is the only decent crop the land has made since 1919," says Mr. Moore.

DEVINE NEWSLETS

From The Devine News. OLDEST NATIVE TEXAN PASSES AWAY HERE.

Mrs. Nancy Hester, 91, died at her home here December 23, after a long life and a brief illness. Deceased was born in Nacogdoches County, Texas, March 10th, 1842, when Texas was a republic. She was married in 1876, to Joseph Hester, and in 1877, the little family moved to a small farm just east of the present city limits of Devine. This was 55 years ago, four or five years before the railroad came through, and the town was ever dreamed of. A few years later the father died leaving the mother and eight children; two of whom followed the father many years ago, Carter and Mrs. Ella Whitworth, the oldest daughter, who had married. The surviving children are John H. Hester of Devine, George and Albert Hester, and Mrs. Lilly Trafton of Houston; Frank Hester and Mrs. Lula Bowman of San Antonio. Deceased joined the Baptist church when 16 years old, perhaps one of the first Baptist churches ever organized in Texas. The funeral was conducted at the Baptist Church in Devine, Saturday morning (Christmas Eve) by W. L. DuBose, assisted by Pastor A. M. Foster, of the Methodist church. The pall-bearers were Herbert Teel G. D. Whitfield, Alex Thompson, Guy Bailey, C. O. Williams and L. M. Littleton. Grandma was thought to be not the oldest person in Devine; but perhaps the oldest Texan. She had lived for almost a quarter of a century in her little cottage near her son John, in North Devine; known to few people except older settlers and near neighbors; but a woman of wonderful vitality and kindness of heart beloved by all who knew her. There are about 20 grandchildren, among whom is Jessa Gilbert, a druggist of Odem, who was here for the funeral and has done much the past few years for his grandmother, who partially reared him after the death of his father many years ago.

RETIRED FARMER, CONFEDERATE VETERAN PASSES AT 86.

Mr. John Columbus Fullerton, 86, fell quietly to sleep at his home in Devine Monday afternoon, surrounded by all his children and most of his grandchildren. Deceased was a native Texan, born in Navarro County, Nov. 28th, 1845. At the age of 16 he enlisted as a volunteer in the Texas division of the Confederate service; was never east of the Mississippi river or engaged in any heavy fighting, as few Texans ever were. On Nov. 1st, 1872, he was married to Miss Phila Ward, with whom he lived happily for 55 years. She passed away in March, 1927. To this union were born three sons and four daughters: Horace of Selma, California; John W. and Philip Y. of San Antonio; Mrs. Edna James, who died soon after her marriage; Mrs. W. H. Ross of Del Rio; Mrs. Maggie Taylor of Devine and Mrs. A. E. Dorow of Selma, Calif. Deceased came to this section about forty years ago, and lived for many years on their farm located a few miles below Devine; moving to town when he retired from active farming; but until the last few months he was able to visit his farm regularly and look after it. He had been a Baptist since early manhood and attained the Scottish Rite degree in Masonry, which he took much interest in during middle life. While he acquired a comfortable living for his last days, he was noted for his rugged honesty and the liberal manner in which he always treated his tenants and others with whom he had dealings; it was said of him that he would rather lose than take more than was coming to him in any transaction, ready and willing to contribute to the poor and every good cause about him, and was never in court in his life with his fellow man. The body in charge of the Masons was taken Tuesday, 2:30 P. M., to the Baptist church where Pastor L. R. Cochrane, assisted by other local ministers, and Rev. Samuel Akers of San Antonio, conducted a beautiful service, interspersed with music, and the Masons finished at the grave with their ritual. The pall-bearers were John W. Howard, H. T. Teel, C. O. Williams, J. R. Stroud, Homer Thompson and C. F. Thomas.

Louis Schorp was born in Castroville, Medina County, on June 18, 1863, and died at the home of his son, John J. Schorp, December 28, 1932.

He was the eldest son of a Texas pioneer family. Mr. Louis Schorp was the son of Joseph Schorp, Sr., who came from Wuertemberg, Germany, and his mother, Miss Mary Tondre, who came from Beatin, France. They landed in Galveston in 1843 with Castro's colony and immediately came to Castroville where the old home still stands and is still in the hands of his family. This sturdy old pioneer gentleman was an architect by trade and built the first church of the settlement and also did much work on the one that is still in use in that community.

Mr. Louis Schorp received his early education in Castroville and later attended St. Mary's College in San Antonio. At an early age he learned this architect trade from his father and assisted him in building the court house and jail in Castroville and many of the buildings and old homes that are still in use in the present day.

When the county seat was moved to Hondo in 1878, Mr. Schorp bought cattle and moved to the San Miguel, Frio County, the following year. Several years later, he together with his brother, the late Joseph Schorp, Jr., and his brother-in-law, Joseph Spettel, bought a ranch in Frio County from a Mr. Chalmers. He together with Mr. Spettel bought a ranch in Bandera and Medina County. Much of this property is now covered by the Medina Lake. In 1884 Mr. Schorp together with Mr. Ed. Kauffman drove horses to Pueblo, Colorado.

On January 8, 1883 the deceased was married to Miss Mary Spettel at the St. Louis Church of Castroville, by Rev. H. Jones. To this union were born five children, three died in infancy, two survive him, John J. Schorp and Mrs. Rudolph A. Haby of Riomedina, Texas, and six grandchildren. Mrs. Schorp preceded him in death on May 13, 1905.

The following sisters and brothers survive him: Miss Julie Schorp of Castroville, Mrs. Elizabeth Tondre of San Antonio, Sister Gertrude of the Incarnate Word Convent of Corpus Christi, Sister M. Scholastica of the Lady of the Lake College of San Antonio, Mrs. Joe Spettel of Riomedina, Mrs. Andrew Haby also of Riomedina and August and Alfred Schorp, both of San Antonio.

During his career as a ranchman he made many friends among the characters in this field and also endorsed everything that was for the good of the industry. He was a member of the Cattle Raisers Association and Old Trail Drivers Association.

He was a life-long member of the Catholic Church and his church received the same devotion and sincere attention that he accorded his other duties.

The remains were taken from here to Castroville where he was laid to rest by the side of his wife.

Funeral services were conducted at 10 A. M. Friday, December 30, from the St. Louis Church, the rites being performed by Rev. J. Lenzen.

Mr. Schorp was a very highly esteemed citizen of both Frio and Me-

SEED OF BLACK LOCUST FOOD FOR GAME BIRDS.

The many-purpose black locust tree, which has been widely planted in this country, is especially valuable as a producer of winter food for game birds. Its seeds are sought in bad weather by the bobwhite, the Hungarian partridge, and the pheasants, especially in the Northwest, reports the United States Department of Agriculture.

The seeds are rated as one of the more valuable foods for bobwhite, Ruffed grouse, California quail, mourning doves in the West, and several of the larger nongame birds of the East also eat them.

Besides furnishing food for game birds, the black locust tree yields timber for the farmer and nectar for the honey bee. It grows rapidly to post, pole and timber size. Its intricate root system is well adapted for holding soil and checking erosion. As a member of the legume family, the locust tree fixes nitrogen, enriching the soil.

With these several points in its favor black locust is one of the favorites for planting woodlands, groves, crooked areas and odd pieces of waste land about the farm. On account of the presence of harmful insects in certain localities, it is advisable to consult with State forestry agencies before planting on a large scale.

After a period of 5 years, says Andrew Tarbaba, successful farmer living near Moulton in Lavaca county, terces will increase crop yields 50 per cent. He adds that diversified farming and manure will still further increase yields.

If the weather could be regulated

IF IT were possible to regulate the weather to suit our own notions, how many of us could agree as to what it should be? The likes and dislikes of human beings vary almost as widely as the range of actual weather conditions. Yet from the standpoint of health and well being, temperatures requiring a moderate amount of heat each month throughout the year would be ideal. It would give us that exhilarating feeling that comes from wearing warm clothing and entering a heated room from the outside cold air.

It is safe to assume that few of us would order the sudden or prolonged extremes of hot and cold weather which nature sometimes provides. If there were no unusually cold weather, such as has already been experienced this winter, your gas bill for December would not be so much higher than it was in July.

Fairly uniform temperatures throughout the year would mean that your gas bills would be about the same, month by month. Also it would mean that your Gas Company could provide facilities adequate to serve a rather constant demand throughout the year, without being called upon to maintain much greater facilities in order to take care of the "peak demands" on the coldest days of the winter.

But, everything considered, it would be hard to improve on nature's plan of controlling

the weather—even extremes in temperatures conform to natural laws. However, modern household appliances make it possible for you to enjoy comfort and convenience inside the home, in spite of unfavorable weather conditions outside. And your Gas Company is prepared and glad to serve you during periods of extreme cold weather as well as when your requirements are much less.

Down where the "Heating" Begins

Remember, when the temperature drops to 65 degrees or lower, heat is used for comfort. Keep this fact in mind when comparing gas consumption with temperature records.

Also remember that your Gas Company is anxious for you to receive most efficient service from your gas appliances. If you think they are not working properly we will be glad to inspect them and make minor adjustments without charge.
